For a time the match between Jerome D. Travers
and W. A. Stickney kept the onlookers guessing.

The former lost two balls, but despite this handleap went so fast at the other holes as to give Stickney few copertunities to do more than halve holes. They went out in 38 and turned for home all square. Herreshoff then recled off hole after hole in parfaures or batter, and was the match, rather handling.

Byers won his morning match at the expense of his townsman. N MacBeth, jr. Both made mis-takes, but interest was maintained, as the match steod all square at the sixteenth green. MacBeth then got into trouble at the next two holes, while

the title holder, playing in par figures, won by 2 up. The winner made the round in 78.

A slump on the part of Walter Egan accounted for his defeat at the hands of H. W. Fraser, of Tolego. The totals read 82 and 83 in favor of Fraser.

YACHTING CRUISE OVER.

the Chief Trophies. Bur Harbor, Me. July H .- In many respects the

two hundred mile cruise of the Eastern Yacht Club along the New England coast, which terminated here to-day, was one of the most satisfactory that

off the south of Swan's Island, and then up French-man's Bay, with a fine southwester bowling the

boats along.

The honors of the day rested with the sloop Avenger, the little 20-footer Sea Dog and the schooner Dervish, the last named scoring for the first time since the cruise began.

The schooner Taormina, owned by W. S. Eaton, captured the Luke Cup, valued at \$1.800, while the new Herrsshoff creation, the Avenger, owned by R. W. Emmons, 2d, won the Clark trophy, valued at \$600.

The yachts also competed for another prize offered under the somewhat novel condition that it should go to the slowest boat. This was won by the Sea Dog.

TIMELY AUTO TOPICS.

Club of America Show.

Announcement was made yesterday by the Automobile Club of America of the date of its eighth annual automobile show, to be held at the Grand annual automobile show, to be field at the Grand Central Palace. The affair will open on the evening of Thursday, October 24, and continue until the following Thursday, October 31. This will result in practically a two weeks' automobile show in New York, as two days following the club show the exhibit of the A. L. A. M. will open in Madison Square Garden.

hibit of the A. L. A. M. will open in Madison Square Garden.

It was agreed by the exhibition committee of the automobile club that the last week in October was rather early for an automobile show, but trade conditions have materially changed, and a canvass of the various manufacturers showed that they would all be ready. The exhibition committee, in order to provide a time when all automobile interests would be centred in New York, declared in favor of the October date, and this idea was supported by the American Motor Car Manufacturers' Association and the Motor and Accessory Manufacturers, Inc.

The dates selected are close to the time for the holding of the Vanderbilt cup race, when all New York will be interested in motoring. By special arrangements with the Grand Central Palace Company, the club has been able to secure considerably more space, which will enable exhibitors to show their products to better advantage than in the past.

An entirely new scheme of decorations is being cutlined, announcement of which will be made when the space application blanks and other litera-
